The national conference is an opportunity for students in the college of pharmacy to make connections with other professionals within the field. Not only is it a phenomenal opportunity for pharmacy students to advance professionally, it is a prime opportunity to shed positive light on the university as a whole. One of Rho Chi's goals for the year is to win the Most Improved Chapter Award. By winning this award, we will put the College of Pharmacy and the university as a whole on a positive track. The college of pharmacy has recently been ridiculed for its test scores but winning this award will redefine the great things we do on this campus.

The tutoring program also provides students with a upper classman who acts as a mentor for their matriculation through the pharmacy program
