Introduction

This was the first year that our chapter Epsilon Mu was active and we really had a successful year.

Meetings Please provide information on meetings held in the following tabular format

Date	Attendance	Agenda	Action Steps
2017-08-18	7/8	Introduction/first meeting	We talked about what type of events when wanted to conduct for the year.
2017-09-06	6/8	Made a agenda on what to do for the entire year	Set up dates and connections for the community event and the campus event
2017-10-10	8/8	Talked about the upcoming community event that was coming up in November	Assigned responsibilities to all the members for the CCDA Diabetes Expo event
2017-11-06	6/8	Talked about final touches on the CCDA event and talked about what we wanted to do for the spring semester	Getting details about conducting a PCAT review on campus

Strategic Planning: What goals were set that relate to the Rho Chi mission?

The goals that we set for this year was that we wanted to not only impact our campus but we also wanted to impact the community that surrounds us. The main goal for our community events was that we wanted to educate those in the community about the disease states and how they can improve their health.

Activities

There were two main events that we conducted this year. The first event that we conducted was the CCDA diabetes expo event. During this event, we conducted blood glucose and blood pressure screenings and provided the people with cards to take their readings home with them. This event was held in November and the students were also able to conduct a Q&A session at the end of the event for the diabetic patients to ask questions about their disease state. The

second event that we conducted was a PCAT review that we held during our spring semester. This was a chance for undergraduates from our campus and other surrounding campuses to come and learn tips and tricks on how to do well on the PCAT.

Financial Budgeting

We did not have any fundraising events this year, but this is something that we did encourage the new chapter to do now that we have become more established on campus. The money that we used for the event came for the dues at the beginning of the year.

Installation Function

The induction ceremony took place on April 13th, 2018 from 6-8pm and took place in our pharmacy building. We opened with a prayer and the new initiates and their guest were able to get some refreshments. Then we had our beloved professor, Rebecca Gryka, come and speak about what it means to leave a legacy. She is retiring this year and it was a great way to end the semester.

Evaluation/Reflection

I believe that the two events that we conducted turned out well and I truly believe that we made an impact on our campus and the community. This was our first year conducting events and this campus and next year have decided to keep the two events that we did this year and to expand on them next year. As president, I am extremely proud of all the hard work that the members have put into this year and know that they will do amazing things this coming year.
