Changes in Chapter  
Report Process

## Greetings from the National President

Welcome back Rho Chi members! The fall term is underway and our chapters are already engaged in many activities that advance the Rho Chi Society and its mission. As we announced at our annual meeting in March, Dr. Karen Farris was selected and has now assumed the role as our Executive Vice President. Joining her in the national office, now at the University of Michigan, is our new Program Coordinator, Ms. Cindy Diakow. Cindy has a terrific background and set of experiences that will enable the national office to support the execution of the Society's strategic plan and meet the needs of the officers, councilors and chapters. I know she is looking forward to meeting all the chapter representatives in Washington DC in March 2020 and to interacting by phone and email as you conduct your chapter business. Gail Moriarty will continue to assist during the transition.

We are always improving the society and have just launched four new task forces whose charges are directly tied to our new Strategic Plan. They are the Mission Critical Task Force, Awards Task Force, Communications Task Force, and our Centennial Planning Task Force, and are made up of regional councilors, past and current officers, faculty and current students. Stay tuned for the outcomes of their work to be shared in the spring.

On behalf of the Executive Council and the National Office, I wish you a successful academic year, and please remember that we all stand ready to assist you as needed.

-Susan M. Meyer, Ph.D., National President

## Changes to Chapter Report Process

Update provided by Emmanuelle Schwartzman  
Chair, Awards Committee

This past year as part of the objectives set forth in the new Rho Chi strategic plan, President-Elect Emmanuelle Schwartzman and former Region II Councilor Lucio Volino began the process of updating and streamlining the report format and rubric to better align with the updated strategic plan. Input was gathered from the Rho Chi Executive Councilors and the Executive Board. The new format and rubric will be presented to the general assembly at the Rho Chi Annual Meeting in the Spring of 2020. Updates can be found on our website under Chapter Awards [here](#).

The new format will be developed further to function as an online submission database to make the report process more streamlined for all. Some key features of the new format include specific instructions with examples of what is required in each section, word limits, and more focus on intellectual activities as well as alumni involvement.

Overall, the new report structure will require chapters to be more succinct in their descriptions with a focus on the quality of the activities rather than quantity. We envision this new report structure will encourage chapters to further embrace initiatives which focus on the core objectives of the society: encourage and recognize intellectual achievement, stimulate critical inquiry to advance pharmacy, contribute to the development of intellectual leaders, promote highest ethical standards, and foster collaboration.

## \*New\* Member Submissions for 2019-2020

Information for new initiates should be submitted at least four weeks prior to the induction ceremony via the Rho Chi website's Members login. Advisors can contact the National Office at [rhochisociety@umich.edu](mailto:rhochisociety@umich.edu) for instructions for access.

Fees for newly elected members are \$65.00 per person. This one-time membership fee includes Society national dues, an official membership certificate, and key jewelry.
